

# Iced Coffee Kit Instructions (Sweet Tea)

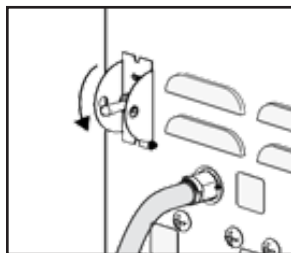

Questions or problems call: **1.800.421.6150**

Recommendation is to have two people (Managers or Supervisor) program brewer. One to read and the other to perform tasks.

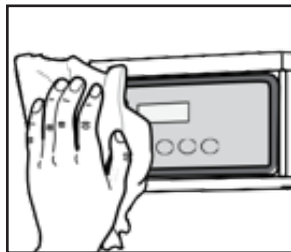

The Iced Coffee Kit contains:

- Iced Coffee Brew Basket
- Iced Coffee Overlay
- Alcohol Wipe

## ■ Installing the Board Overlay

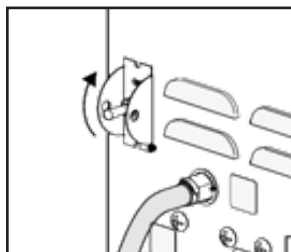

- 1** Turn **OFF** power to the brewer at the rear toggle switch.

- 2** Clean the existing overlay on the Brewer Control Panel with an alcohol wipe (provided with the overlay) and allow the panel to dry.

- 3** Peel the protective backing off of the new Overlay and attach it to the front of the Brewer Control Panel.

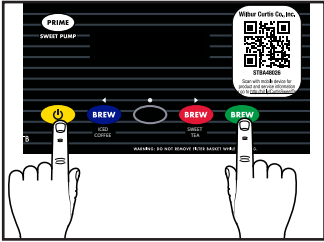

- 4** Return the rear toggle switch to the ON position.

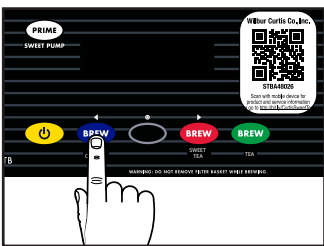

Perfecting the art of brewing since 1941

# Board Reprogramming Instructions

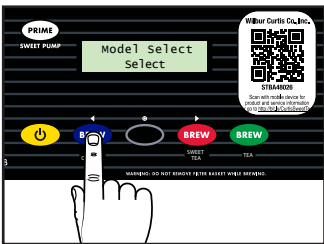

## Selecting the Brewer Model

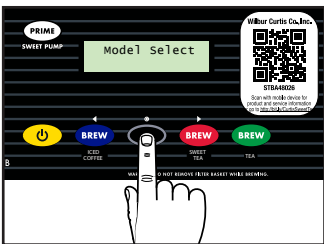

- 1 If the display screen is lit on the board, turn **OFF** by pressing the **YELLOW** power button once. To enter the Programming Mode press and hold the **GREEN** brew button. While pressing the **GREEN** brew button, press and hold the **YELLOW** power button for approximately 5 seconds until "**Enter Code**" appears on the display.

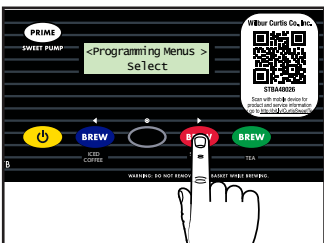

- 2 Enter the access code by consecutively pressing **BLUE**, **BLACK** **RED** and **GREEN** buttons.

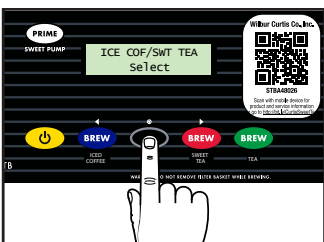

- 3 Press the **BLUE** brew button three times until "**Model Select**" appears on the display.

- 4 Press the **BLACK** button once.

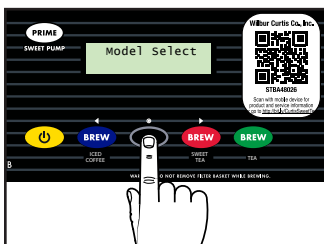

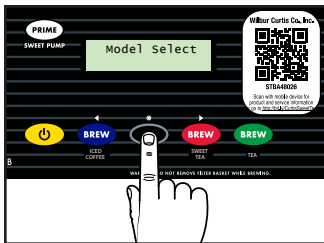

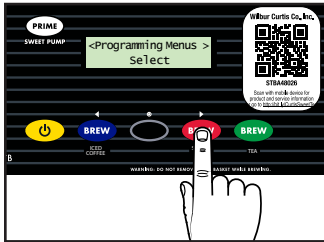

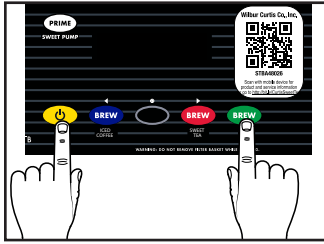

- 5 Press **RED** brew button repeatedly until the display reads "**ICE COF/SWT TEA.**"

- 6 When "**ICE COF/SWT TEA**" appears on the display, press the **BLACK** button. "**Saving Complete**" briefly appears on the display. This enables iced coffee.
